CONCURRENT RESOLUTION

Expressing support for the Geneva Consensus Declaration on Promoting Women’s Health and Strengthening the Family and urging that the United States be added as a signatory.

Whereas the United States strongly supports women reaching the highest attainable outcomes for health, life, dignity, and well-being throughout their lives;

Whereas the historic coalition that issued the Geneva Consensus Declaration on Promoting Women’s Health and Strengthening the Family (in this preamble referred to as the “Geneva Consensus Declaration”) was formed by a diverse group of countries committed to charting a more
positive path to advance the health of women, protect the
family as foundational to any healthy society, affirm the
value of life in all stages of development, and uphold the
sovereign right of countries to make their own laws to
advance those core values, without external pressure;

Whereas the Geneva Consensus Declaration was signed on
October 22, 2020, by 35 countries from every region of
the world, representing more than 1,600,000,000 people,
which committed to working together on the core pillars
enshrined in the Declaration, and 3 countries have subse-
quently signed;

Whereas, although President Joseph R. Biden removed the
United States as a signatory to the Geneva Consensus
Declaration, at least temporarily, 36 countries remain
signatories, and longstanding Federal laws that prohibit
the United States from conducting or funding abortions,
abortion lobbying, or coercive family planning in foreign
countries remain in effect;

Whereas the Geneva Consensus Declaration reaffirms that
“all are equal before the law” and “human rights of
women are an inalienable, integral, and indivisible part of
all human rights and fundamental freedoms”;

Whereas the Geneva Consensus Declaration reaffirms the in-
herent “dignity and worth of the human person” and
that “every human being has the inherent right to life”;

Whereas the Geneva Consensus Declaration reaffirms that
“there is no international right to abortion, nor any
international obligation on the part of States to finance
or facilitate abortion”;

Whereas the Geneva Consensus Declaration reaffirms that
“the family is the natural and fundamental group unit of
society and is entitled to protection by society and the State”; and

Whereas the Geneva Consensus Declaration coalition strengthens the collective voice of the signatory countries to prevent any country from being intimidated, isolated, or muted on the core values expressed in the Declaration:

Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That Congress—

(1) affirms the commitments to protect life and the family made in the Geneva Consensus Declaration on Promoting Women’s Health and Strengthening the Family (in this resolution referred to as the “Geneva Consensus Declaration”) and applauds the signatory countries for their dedication to advancing women’s health, protecting life at every stage while affirming that there is no international right to abortion, and upholding the importance of the family as foundational to society;

(2) declares that the principles affirming life and the family recognized by the Geneva Consensus Declaration remain universally valid;

(3) welcomes opportunities to strengthen support for the Geneva Consensus Declaration;

(4) will defend the sovereignty of every country to adopt national policies that promote women’s health, protect the right to life, and strengthen the
family, as enshrined in the Geneva Consensus Declaration;

(5) will conduct oversight of the United States executive branch to ensure that the United States does not conduct or fund abortions, abortion lobbying, or coercive family planning in foreign countries, consistent with longstanding Federal law;

(6) urges the signatory countries to the Geneva Consensus Declaration to defend the universal principles affirming life and the family expressed in the Declaration; and

(7) calls on President Joseph R. Biden to once again add the United States as a signatory to the Geneva Consensus Declaration.
